

Derek B. Scott

Telescope (1973)

for clarinet, drum set, piano & double bass

Telescope (1973)

for clarinet, drum set, piano & double bass

This was selected as the winning entry in a competition to compose a theme tune for *Telescope*, the Student Television Service at the University of Hull. It was used regularly from 1973 to introduce weekly broadcasts, but I have no idea how long the service continued.
