Mum! ...to overcome my fears,
you made me sleep alone.

:-)

See the imaginary horrors
of the dark, but, I imagine....

recita con voce limpida ed argentina

how beautiful would be,
for your little boy

see the light and see you...
my mummy!

...and the daylight
shine on my eyes

and then, I enjoy
sleeping even more.

mum will shape me to be a man,
crying or joying she is here smiling

mum of the truth
show me the way...

the way of to live.

be my shadow until our path vanish.
Now, I am free to wander

in caged dreams
you shaped for me

crying or joying she
is here guiding me

mum of the truth
make me a real man

light of my eyes...
hope for my promises

words of my mouth

...touch me now
and I will feel warm

love me, but do not lie to me

can you see! I am not afraid...

...I am listening
