

## HYMN OF PEACE

- (1) *God of Peace and Love, hear our prayer  
That this world may calmer be.  
Take from our hearts the seeds of war  
That we may lift our souls to thee;  
For thou art with us lord divine  
And all our hopes and all our joys are Thine*
- (2) *God of Power and Might lead us now  
That our strength may gentle be  
So nations may in peace unite  
And we may lift our hearts to thee  
For thou art with us lord divine  
And all our griefs and all our prayers are Thine*
- (3) *God of Light and Joy guide our way  
Through this life where sorrows lie.  
Though deeds of darkness cloud the world  
Still let us rise in victory.  
Thou art within us lord divine  
The universe and all mankind are Thine*
